

Insight Via™ Mobile Apps

Mobile applications for
collecting data and
mitigating risk

Data collection just got easier! DEKRA's mobile applications allow iOS & Android users to work "offline" when completing audits & inspections, observing behaviors, recording incidents, closing corrective actions and more!

How we do it

Mobile App Integration

Efficient and easy-to-use mobile applications, compatible with iOS and Android platforms. All mobile apps integrate directly with the Insight Via Management System for real-time reporting capabilities.

Universal Features:

- Capture, annotate and upload photos
- Voice-to-text capability
- Real-time reporting
- Offline access

My Insight Mobile App - Features

- **My Audits** - download and complete audits
- **Behavior-Based Safety** - enter behavior-based safety observations directly from your iOS or Android device
- **My Corrective Actions** - view and close corrective actions assigned to you
- **My Incidents** - record incidents or variances of all types and assign correlating corrective actions
- **My Stand-Alone Imaging** - capture, annotate and upload photos for use in the mobile app or the Insight Via Management System
- **Preventative Maintenance QR Code Reader** - scan QR codes on individual work orders to view, complete and upload directly from mobile device. The app also allows view and sign off on job plan steps directly from the device.

My Walkthrough Mobile App - Features

- Setup multiple walkthrough inspection types to be utilized in the app
- Create facility walkthroughs directly from the app
- Perform walkthrough inspections and sync seamlessly with system
- Assign corrective actions to specific employees

About Us

We are consultants and business partners to many of the world's largest chemical, oil and gas, transportation, utility, pharmaceutical and agriculture companies. Through a transformational approach, we guide clients in evolving both their organizational culture and their operational environment, enabling them to reduce exposure and injuries, save lives, protect assets - and in the process, achieve higher performance.
