- Automatically generate notifications to managers when procedure changes occur
- Tie procedures to training programs, incident investigations and audits
- Location and corporate specific documents
- Robust reports
- Generate reports to document procedure changes and implementation
- Available in multiple languages

About Us

We are consultants and business partners to many of the world's largest chemical, oil and gas, transportation, utility, pharmaceutical, and agriculture companies. Through a transformational approach, we guide clients in evolving both their organizational culture and their operational environment, enabling them to reduce exposures and injuries, save lives, protect assets—and in the process, achieve higher performance.
